Gas Burner Ramp

GAZTEK

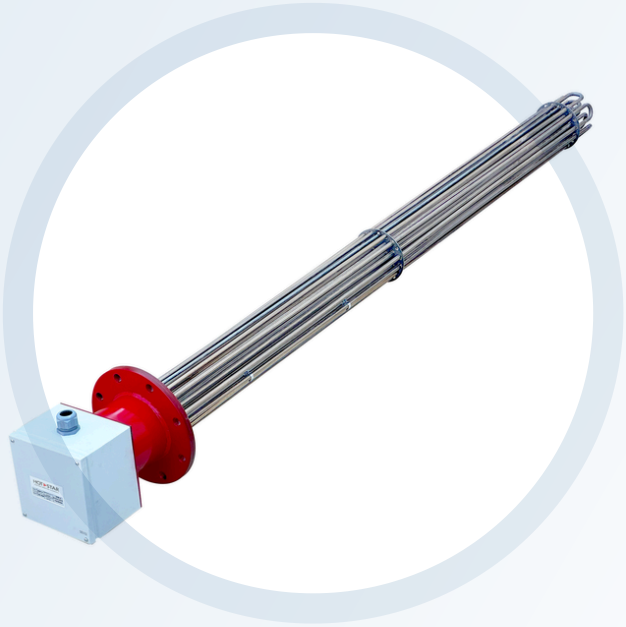

Gas ramp (burner manifold) for professional cooking equipment. Ask us for the right size and gas type for your machine.

Ceramic Radiant Heaters for Doner Cooking

HOT STAR

Electric ceramic radiant heaters used in doner and rotisserie cooking machines.

FEATURED

Flanged Immersion Heaters

HOT STAR

Flanged immersion heating elements for boilers and tanks heating water, oil and other liquids.

Hot Plate Heaters

HOT STAR

Electric hot plate heating elements for cooking tops and tube heaters.

Steam Boiler & Generator Heaters

HOT STAR

Heating elements for steam boilers and steam generators.

Defrost Heaters

HOT STAR

Defrost heating elements for refrigeration and freezer equipment.

Asphalt Finisher & Train Heaters

HOT STAR

Heating elements for asphalt finishers and train equipment.

Coil (Serpentine) Heating Elements

HOT STAR

Coil-type serpentine heating elements for a wide range of appliances.

Water & Oil Heaters

HOT STAR

Heating elements for heating water and oil in kitchen and industrial equipment.

Washing Machine Heaters

HOT STAR

Heating elements for washing machines.

Medical Device Heaters

HOT STAR

Heating elements for medical and laboratory devices.
